

Appleby Releases Guide to Relocation Planning – to and from the UK

The world has become a smaller place for commerce and individuals. Relocation of business professionals has become a norm of international business. Jurisdictions have opened their doors to those seeking a lifestyle that can be relied upon to provide peace and security – and to those seeking relief from increased levels of taxation.

Appleby has created a short relocation guide for business professionals looking to move to, or away from, the United Kingdom. This guide is intended to provide key information for clients interested in a possible move.

Topics covered include:

- Coming to the United Kingdom
- Leaving the United Kingdom
- Choosing global destinations
- How Appleby can assist the individual looking to relocate

Although Appleby does not provide UK legal or tax advice, we understand tax issues and maintain a wide range of contacts in the world's leading jurisdictions. We are able to effect introductions or to obtain detailed tax advice on client's behalf and work closely with their principal advisors in the UK and elsewhere to provide effective solutions for clients on the move.
