## OVERVIEW

## ABOUT THE BRITISH VIRGIN ISLANDS

THE BRITISH VIRGIN ISLANDS IS AN INTERNATIONALLY RESPECTED FINANCIAL CENTRE CONNECTING MARKETS, FACILITATING INVESTMENT, TRADE AND CAPITAL FLOW. THE JURISDICTION IS A WORLD LEADER FOR EXCELLENCE AND INNOVATION IN FINANCIAL SERVICES AND AN ESSENTIAL COG IN THE GLOBAL ECONOMY.

The BVI is committed to continually playing a leading role in delivering a responsible and effectively regulated global business environment and tackling the global problem of tax evasion and other financial crimes as part of a coordinated, balanced and meaningful process.

As a British Overseas Territory, the BVI offers all the security and stability that is traditionally associated with the British flag. It is responsible for its own self-government through a democratically elected House of Assembly. The United Kingdom remains responsible for the BVI's external affairs, defense, internal security, and judicial system. However, because of the BVI's integrity and responsiveness to the interests of the financial community, together with its commitment to good governance, the British Government has devolved responsibility for the development and management of its own financial services industry.

The balance of a strong regulatory framework that has a heritage of the highest international standards, an entrepreneurial business community, and a government committed to developing cutting edge legislation and policies, gives the BVI a number of competitive advantages, including:

- An internationally recognised, innovative regulatory regime
- A well developed and professional corporate infrastructure
- A business friendly operating environment
- Strong partnerships between business and government
- Efficient company formation and administration processes
- Enduring political and economic stability
- An internationally renowned and respected commercial court
- No currency controls: tax-neutrality (no capital gains tax, value added tax or withholding tax, etc)
- No secrecy laws.

## BVI LAW

At Appleby (BVI) Limited, our global presence enables us to provide timely and comprehensive legal advice at the time most critical to our clients. This includes providing British Virgin Islands (BVI) law advice to clients in the Asian, North and South American, Caribbean and European timezones.

A number of our BVI qualified lawyers have experience working in onshore financial centres or on the ground in the BVI, ensuring that they have both commercial expertise and an awareness of the nuances affecting the practice of BVI law. Our global team approach ensures that all team members benefit from this collective shared experience, when dealing with the spectrum of cross-border transactions and high profile matters that we advise upon.

We work regularly alongside onshore law firms based in all the major financial centres including London, New York, Miami, Los Angeles, San Francisco, Silicon Valley, Dublin, Dubai, Hong Kong, Shanghai and Singapore.
